DEAR CONGRESS MEMBERS,

In my function as the president of the Spas Association of the German region Mecklenburg-Vorpommern, I would like to welcome you in our beautiful country – spoiled by nature. With good reasons our spa towns, rehabilitation centres, spa centres and health orientated hotels are situated in the place between ocean, lakes and forest. There are many tales and poetry about the forest, which is for people since centuries a place to retire, for protection, a place people longing for and a spender for health. The forest is a kind of “Green Pharmacy” and that is what our spa towns want to develop on a medical orientated basis.

Yours Andreas Kuhn

President Bäderverband Mecklenburg-Vorpommern e. V.
